

UVeye's automatic underbody inspection system.

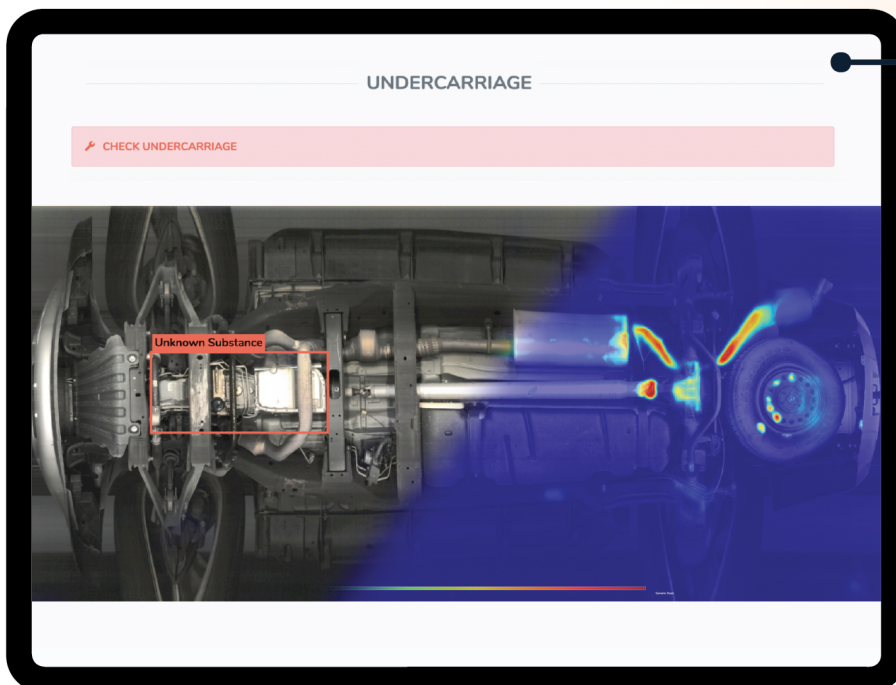

- Stitches several thousand pictures into one high resolution image of the underbody of a vehicle
- Machine learning identifies any damages and issues
- Install in the ground with **Stationary** for higher resolution, or adjust position easily with **Mobile**

Stationary: W 68 1/2" L 15 3/4" H 2 5/8"

Mobile: W 33 7/8" L 16 1/8" H 2 3/4"
